Who we are

LaaNexa Global is an India-based export company focused on supplying reliable aftermarket spare parts for Toyota vehicles — specifically for the African market.

We work closely with certified manufacturing partners in India's auto components corridor to deliver consistent quality parts built for African road conditions.

We are not a generic trader — we specialise in Toyota Hilux and Hiace rubber and suspension components.

Toyota Hilux – Parts List

High-demand replacement parts for Toyota Hilux — selected for durability on African roads.

All parts are OEM-compatible and available in standard and heavy-duty grades.
